I. Title of Proposal

Fish Passage and fish screening at the Grand Valley Project Diversion Dam.

II. Relationship to RIPRAP

Colorado River Action Plan: Mainstem II.B.3.

III. Study Goals, Objectives, End Product

Provide fish passage at the Grand Valley Project Diversion Dam and to design and construct a fish screen that will exclude, without harm, adult fish approximately 300 mm in length while allowing unimpeded diversion of the decreed water.

IV. Study Area

The study area will be limited to the reach of the Colorado River approximately ½ mile upstream from the Grand Valley Project Diversion Dam to the Price/Stub Diversion Dam.

V. Task description

1. Public scoping and alternative development
2. NEPA and permitting.
3. Alternatives analysis
4. Prepare plans and specifications for recommended passage and screening options.
5. Execute necessary operation and maintenance agreement.
6. Construction of screening and passage option.
7. Passage evaluation
8. Operate facilities.

VI. Study Schedule and Budget

	1999	2000	2001	2002	2003	Total
Task 1						0
Task 2		15,000	50,000			65,000
Task 3	52,000	30,000				82,000
Task 4		30,000	368,000			398,000
Task 5			25,000			25,000
Task 6				2,930,000		2,930,000
Task 7				50,000	50,000	100,000
						0
Total	52,000	75,000	443,000	2,980,000	50,000	3,600,000
